

2017-2018

CAUBO Hotel Preferential Rates Program

The hotels listed in the directory are organized by geographic location and sorted by postal code. Postal codes are used in order for users to locate hotels within a specific area of a region (e.g. airport, downtown, etc.) The top left hand side of the page identifies the location of the first listing on the page (e.g. A1B: St. John's). The location identified at the bottom of the page indicates the location of the first listing on the next page. We suggest using the software's "Find" function in order to navigate the listing.

A1A : St. John's Airport
